

Zs² TechBoard™

Our proprietary magnesium oxysulfate cement board boasts superior performance while reducing the carbon footprint.

**It all starts
in the lab.**

Durable. Versatile. Sustainable.

TechBoard can be used as a stand-alone, high-performance sheathing for interiors and exteriors. TechBoards can be finished with a variety of coatings and materials such as water/vapour barrier, cladding and paint. TechBoard also makes an excellent substrate to handle tiles, wallpaper and other interior finishes.

- Fire-Rated Walls
- Ceilings
- Demising Walls
- Subflooring
- Basements
- Tile Backerboard
- Growhouses
- Clean Rooms
- Food Processing
- Data Centres
- Marine Applications
- Agricultural Applications

Through prefabricated construction technologies, combined with advances in material science, it's time to improve safety, close the productivity gap, increase building performance, and build for the future.

Healthier. Safer. Stronger.
